UNION STOCKYARDS, INDIANAPOLIS, Feb. 14.-Cattle-Receipts, 800; shipments, 200. The demand for cattle was more liberal than yesterday, especially in the steer line, but orders were not urgent and could be executed only at what were generally considered a shade weaker prices. The market for female cattle, especially cows, was strong, and not a few dealers reported some improvement in certain instances. There were very few top cattle represented, and not many extreme prices were reported. Steers weigning 1,350 to 1,473 lbs sold at \$4,90@5, and 1,100 to 1,300-lb kinds sold at \$4.25@4.75. LOCAL GRAIN AND PRODUCE.

Marked Improvement in Trade-

Prices Steady in Most Lines. week has advanced, trade has improved, from day to day, and yesterday, in many lines, the largest business was transacted of any day this year. The dry goods houses had a fine trade, and the millinery houses are quite busy. Druggists continue to have an excellent trade, largely owing to the demand for grip medicines, and paints and oils begin to sell freely. The iron and hardware stores report their business largely in excess of last February, and the confectioners are enjoying a good business. Prices rule firm, generally speaking. Eggs and poultry are weak at prices quoted. Choice apples are higher, as are several of the vegetables. Oranges, on large rewou st that ould haises still a sint sides offered, both in oranges and apples. Provisions are steady and moving freely. The local grain market is dull on light ceipts. Corn is in good request, and other cereals are readily taken at quotations. Track bids, yesterday, as reported by the secretary of the Board of Trade, ruled as follows:

CORN'S NEW HIGH PRICE

EXCEEDING FORTY CENTS.

Wheat Closed Lower and Oats Fractionally Up-Good Advances Made in All Provisions.

CHICAGO, Feb. 14.-Wheat behaved in an inexplicable way to-day, closing %c lower after a nervous, irregular session. Corn established another high mark for the crop and closed 1/2%c over yesterday. Oats closed 1/3c up and provisions 21/2c to 20c improved. At any stage of the speculative play in

wheat it was extremely difficult to discern

the impulses governing the market. It was a nervous, hesitating, irregular affair, generally dull, but full of unaccountable whims. The profundity of even the experts was taxed to the limit, and their advice on the proper manner of playing the market was oraculous and vague. The market yesterday advanced in the face of bearish news; to-day it declined on advices which, on the surface, looked emphatically bullish. May opened a shade higher to a shade lower, at 76c to 75%c, and under the influence of advances at Liverpool and on the continent advanced early on a small trade to 76%c. On the advance trade became very dull, and a little foreign selling, added to local liquidation, sent May off to 75%c. The corn strength later frightened some wheat shorts, whose covering caused a rally to 764c. Longs, owing to the nervous, uncertain appearance of the market, thought it advisable to secure profits. May consequently turned heavy and closed at the bottom, %c under yesterday, at 751/2075%c. Primary receipts were 449,000 bu, compared with 479,000 bu a year ago, this comparison being one of the bullish factors ignored by the market. Minneapolis and Duluth reported a total of 311 cars, against 299 last year. Fresh arrivals here numbered fiftyone cars, one of which graded contract. Exporters reported twenty loads taken for foreign shipment. Seaboard clearances, in wheat and flour, were equal to 302,000 bu. There was a better domestic flour demand reported, but half the Minneapolis mills were closed and the cash demand here was

Corn was very firm but extremely dull up to noon, but after that it became suddenly active and aggressively strong. A new high price for the crop was made. The closing spurt was due to covering by shorts, made timid by absence of country selling, moderate receipts, higher cables and the continued poor grading of corn received here. May sold between 39\\039\%c and 40\%c and closed \\040\%c higher, at 40\%c \\040\%c. Receipts were 326 cars. The clearances, 860,000 bu, were a material benefit to the market, although the shipping business here was slow. Oats were fairly active and firm, the corn strength, a good cash demand and mod-

erate receipts being the supporting factors. May sold between 251/4@25%c and 251/2c and closed 1/3c higher, at 251/2c. Receipts were 206 cars. Provisions ruled firm, though rather dull and narrow. The demand, mostly for pork, was started by the strength of the hog market, and the pace was maintained later with the assistance of the corn strength. May pork sold between \$14.121/4 and \$14.35 and closed 20c higher, at \$14.321/4; May lard between \$7.55 and \$7.60, closing 21/2c higher,

at \$7.57%, and May ribs between \$7.10 and \$7.17%@7.20, with the close 7%c higher, st Estimated receipts to-morrow-Wheat, 3 cars; corn, 225 cars; oats, 235 cars; hogs,
